Creative, Efficient, and Professional

# RapidHelpTech LLC

**RapidHelpTech LLC** professional team has more than 23 years of experience in the multimedia field, designing and developing software for training and interactive kiosks, producing eLearning applications, online tools, creating websites and providing translation services and localization of software and websites in English and Spanish.

We are committed to our customer's success. We provide quick turnaround of projects in a creative, efficient and professional way.

We follow an efficient methodology for every project that includes understanding the customer's needs first and designing an effective strategy to develop a final product that exceeds customer expectations.

We are a very efficient team that uses best practices and collaboration tools for calls, chat and sharing documents and information.

We strongly believe that the effort we put in every endeavor and in every project has a positive impact in our world. We feel that in a way, we contribute to promote positive change in our society. We care about the work we do and we strive to provide quality results.

Our mission is to use our talents, our creativity, our knowledge, and

our experience to help our clients be successful.

Our ultimate goal is to not only meet but to exceed customer expectations by providing quality service. We will feel honored if you choose us for your next project.

*We are located in Emmitsburg, Maryland, USA.*
